More event details to follow: Guided tours of nearby Suffolk Wildlife Reserves:  
Identifying moths in our gardens and scouting for glow worms !

Statement Covid safety : Please do not attend if you or a member of your household test positive or are feeling unwell. Use the hand sanitiser at the door. Chairs will be spaced out in this larger venue and will be ventilated, wear warmer clothes. As you will be aware, this virus has not gone away and there is still a risk of passing on infection. So we would ask everyone to act in a way which protects the safety of others, particularly those who still feel vulnerable. For example, we should avoid having too many people close together indoors, and maintain some level of distancing.
